S SERIES

The **S SERIES** range of screening systems is our **MOST LOVED** series because of the broad range of versatility and functionality it enables. The versatile **S SERIES** comprises of:

S30 - Ultra lightweight & convenient screening system;

S50 - Versatile and strong low weight system;

S70 - Low height, reconfigurable, ducted system;

S70A - Acoustic system devised to deliver optimal functionality and combat open plan noise;

S70F - The most comprehensive adaptive full height screen system available in over 20 configurations.

What makes the **S SERIES** so unique is the way the entire series is designed to fully integrate, providing the ultimate adaptive screening system for your office.

The **S SERIES** is an investment in sustainability and the realisation of the potential in your workspace.

We invite you to visit our website at **corporateliving.net.au**, or better yet, speak to one of our consultants at **9354 0199** to discover the endless opportunities the **S SERIES** offers.

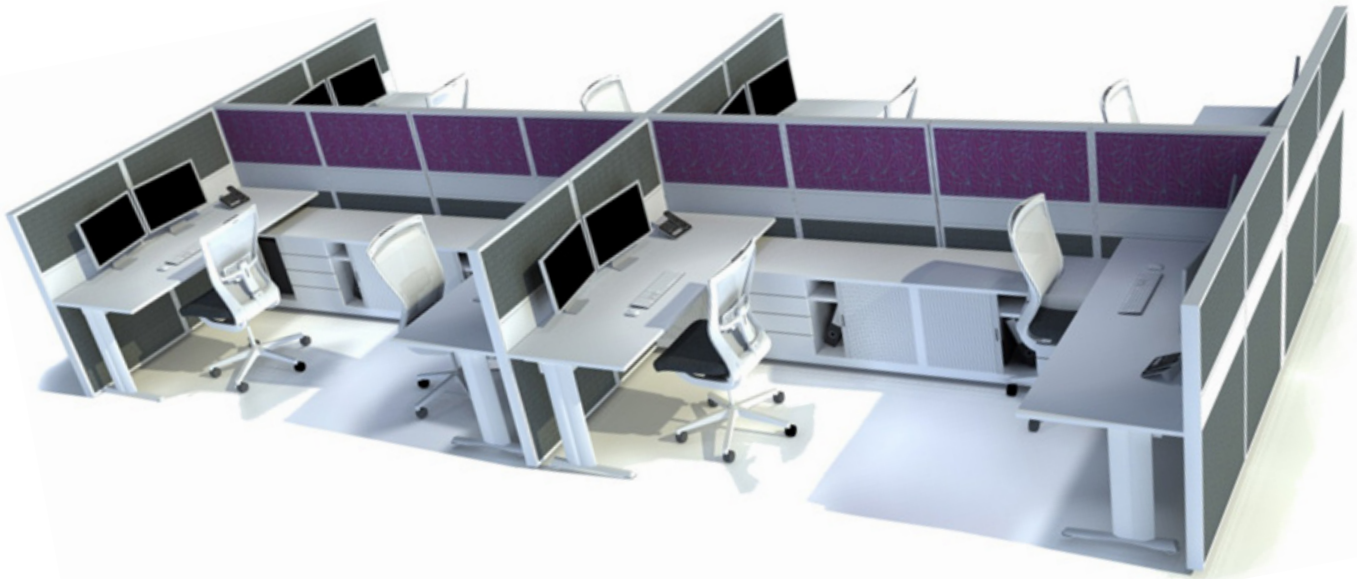

#1
MOST LOVED
SCREEN &
PARTITIONING
SYSTEM

■ S70

The **S70** is **CORPORATE LIVING's** 72mm thick floor based screening system, which supports a multitude of desking configurations with an integrated cable management system.

This environmentally friendly screen and partitioning system comes with a **15 year supply guarantee** making this a truly adaptable furniture system that grows and changes to your individual business requirements and never becomes redundant.

S70 for individual workspaces

- Use in conjunction with **CORPORATE LIVING's P SERIES** Storage to create personal workspaces that provide both storage and visual privacy.
- Incorporates all your workspace support services through the intelligent internal cable management system.
- Design options are virtually limitless with shelves, screens, and a host of other work tools that attach anywhere along the structure.
- Strength provided by tether brackets support work surfaces, providing a lower cost alternative to freestanding furniture.

S70 is ideal for Team Spaces

- Creating open spaces for team working and collaboration.
- Use in conjunction with **P SERIES** tall storage to create a library-like configuration. In-fills, screens, and feature panels help to define space while also providing an inspirational alternative to panel-based solutions.
- Supports multi height team meeting tables which allow a flexible and practical environment.
- Can be configured to suit your teams size and be customised to any height to promote collaboration or reduce noise.

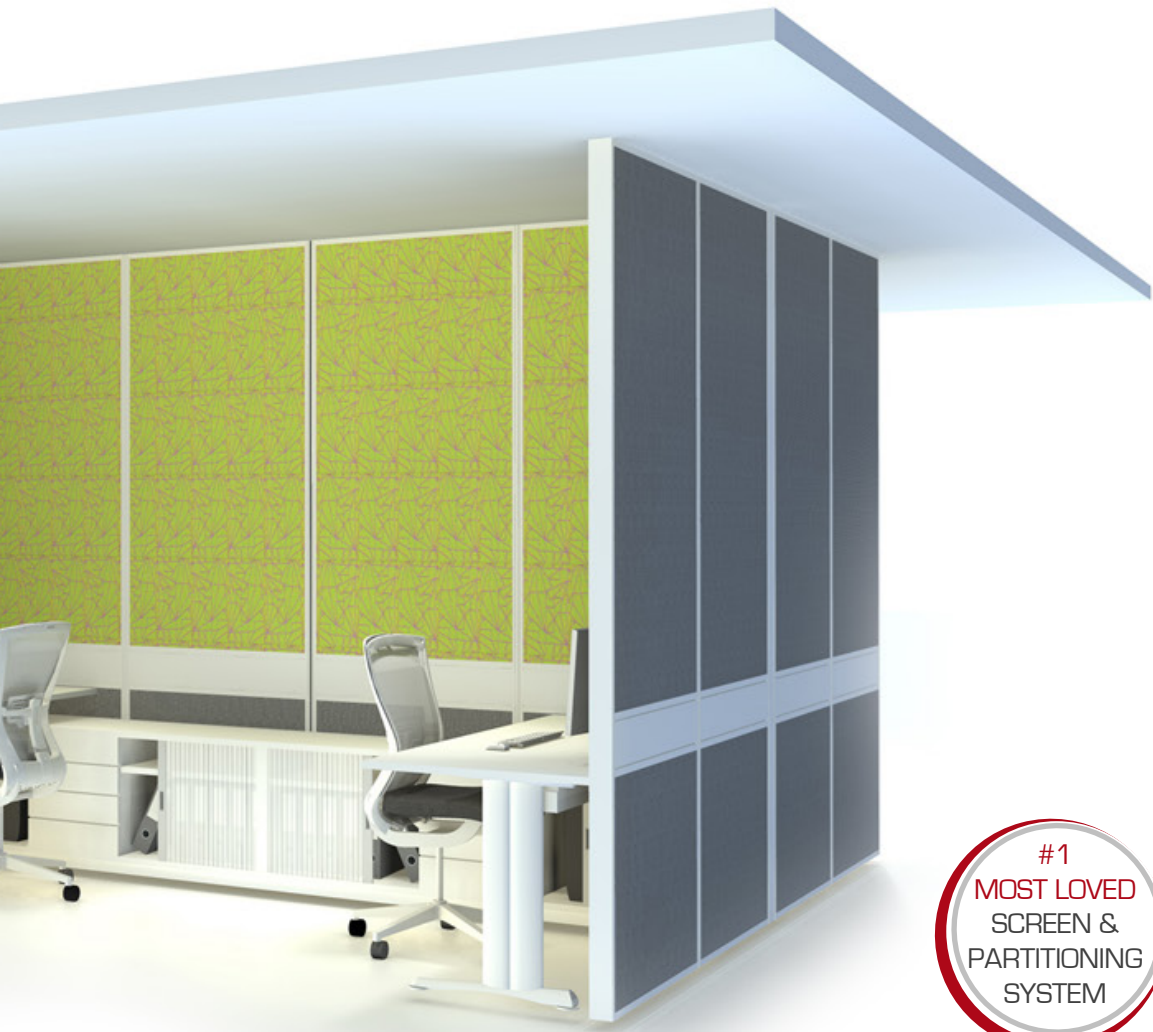

■ S70F

S70F is the floor to ceiling screening model and comes with the same customisable options as the **S70**.

2013 saw a return in the trend for private offices as a solution to the stress and distractions caused by open plan workspaces. **S70F** allowed our clients to make this change quickly, and future proofed any further changes to the location of these offices.

- Flexible & adaptable
- Light weight and versatile
- Enhances team communication
- Australian made
- 15 year supplier guarantee
- Custom made to order
- Green rated & reusable
- High acoustic properties & options
- Wide range of finishes to choose from
- **S70** & **S70F** integrate seamlessly

SCREEN &
PARTITIONING
SYSTEM

PARTITIONING

S70 - built for life, not landfill

■ S70F

The new age of office sustainability has arrived.

Future proofing your office with **CORPORATE LIVING's S70F** full height screening and walling system has never been so easy.

The **S70F** is a full height relocatable system with over 20 configurations. It's extremely strong and durable enough to be adjusted and reused several times as the office changes. This 'future proofing' is a more cost effective solution than traditional stud and plasterboard walls and is also light years ahead environmentally.

THE S SERIES IS LOVED NOT ONLY BY US;

"The concept of relocatable walls is an Environmental break through for the fitout industry. It means that over a 10 year period, one initial fitout and any number of re-configures can add up to massive savings, both financially and environmentally"

- THE GREEN BUILDING COUNCIL OF AUSTRALIA

*Shown with C200 legs

SCREENING

■ S30

Whether you need functional, modern or inspirational furniture, the **S30** range is your perfect solution. The **S30** creates highly effective work environments which offer maximum in team communication and collaboration due to a low height design. Light weight and versatile, the **S30** is a state of the art desk mounted or floor supported, partition screen system with the ability for expansion and numerous proprietary accessories.

- Available with a full range of accessories
- Flexible & adaptable
- Light weight & versatile solutions
- Aids team collaboration
- Custom made to needs
- Green rated & recyclable
- Choice of fabrics and colours

SCREENING

■ S50

With the **S50** range, nothing could be more simple. The **S50** range is the perfect modular workstation solution with which to create highly functional work environments. The modern 50mm system is floor based and supports a multitude of desking configurations, with an integrated cable management system, offering mid or floor based internal cable ducting. Flexible & Adaptable

- Light Weight and Versatile
- Enhances Team Communication
- Made to Order
- Australian Made
- Heavy Duty Rated
- 15 Year Supply Guarantee

S70A

S70A is the special acoustic edition of the popular S70 Series and is ideal for any environment where noise is a factor.

Available in three different grades Silver, Gold and Platinum, which will all exceed your expectations of quality, noise reduction and adaptability.

As with all of the **S70** range, the **S70A** is a fully customisable and relocatable system. It is manufactured locally and the system is designed to your requirements and to the finishes that match your needs.

S70A seamlessly connects to all other **S SERIES** configurations, allowing a combination of low and ceiling height screens with glazing and storage options included.

Discover which acoustic grade is right for your organisation at corporateliving.net.au.

CONFERENCE CHAIR

■ SILVER RANGE

Is the **SILVER** the world's best chair?
We think so.

The **SILVER CHAIR** is the brainchild of renowned designer Hadi Teherani. Manufactured in Germany by Interstuhl, the **SILVER CHAIR** is the culmination of years of dedicated research and development in optimal office seating.

Cleverly combining aesthetics, luxury and technology to reach a level of complexity that has been made invisible and ultimately delivering a poetic manner of perfection.

CORPORATE LIVING invites you to consider this architectural masterpiece that has been acclaimed the best office chair in the world.

EXECUTIVE TASK CHAIR

L78

EXECUTIVE CHAIR

L41 - ergonomic value

L41

CORPORATE LIVING's L41 task chair includes a synchronised knee-tilt mechanism, as well as a body contouring mesh backrest for optimised comfort.

Despite including a strong and durable nylon frame with a German engineered rigid gas lift, the **L41's** price might be its **MOST LOVED** selling point.

Make the **L41** the standard in your office by calling **9354 0199** or visit **corporateliving.net.au** to request a trial.

■ STYLE STOOLS

The **HEXX** and **SWISH** stools are **MOST LOVED** for their body contouring, flexible, acrylic seat cups, which support body movements and result in a very high comfort rating. They feature a sturdy chrome frame with foot rests and a 4 post base for stability.

The **SATURN** is cushioned with a generously padded seat and has a stainless steel frame. It's

ideal for lunchrooms, tea points or for a client facing café table area.

The **TOLIX** is an extremely popular architectural icon due to its steel frame and comfortable seat. It is highly durable and washable. **TOLIX** has a sturdy foot rest over a 4 leg base for maximum stability.

All stools come with a 5 year warranty.

SATURN

TOLIX

SWISH

TOLIX - colour adds life!

TOLIX

Designed to be durable and maneuverable the **TOLIX STOOL's** 1950's diner style is sure to add visual appeal to casual areas. Available in a variety of colours the **TOLIX STOOL** is also lightweight and comfortable. You only need to see the **TOLIX** to know that colour adds life!

■ H500 UA ADJUSTABLE HEIGHT

Are you meeting your obligations to Occupational Health & Safety?

The cost of meeting OH&S requirements doesn't have to be expensive. The **H500** features an easy to use, height adjustability that is essential for meeting OH&S requirements. The **H500** is an ideal choice for organisations with a culture of continuously improving productivity.

- Facilitates flexibility ideal for 'hot desking'
- Changing posture has significant health and well being benefits
- Cost and space effective compared to multiple desks
- Essential for meeting OH&S legislation & ergonomic compliant organisations
- Future proofs from staff changes and reduces staff churn

■ H500 EA ELECTRONIC ADJUSTMENT

The ultimate in user friendly furniture.

The electronically adjustable **H500 EA** comes with all the benefits of the **H500 UA** across the page, but also features an easy to use height adjustment panel.

The **H500 EA** can be yours for less than you might expect. Be sure to add one to your quote on corporateliving.net.au. Isn't it time you had **H500 EA**?

■ C200

The **C200** desking system is the modern, stylish and very smart solution to your office planning needs, because it's easily adaptable and expandable.

The straight desk option is available with leg sharing that can be extended as far as needed.

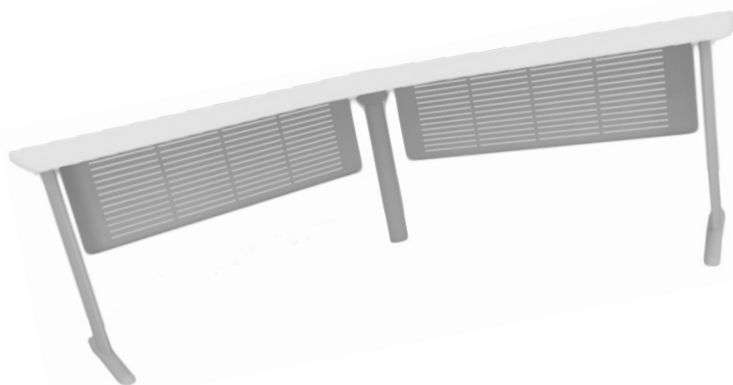

The **C200** is also available in straight, 90° and 120° options with a range of modesty panels and cable management systems.

Looking for desk configuration ideas? Visit our website corporateliving.net.au and see what the **C200** can do.

C200
straight

C200
90°
with pedestal

C200 - for whatever shape you need

C200

Selecting the right shape desk for the job is a crucial decision. When making your decision consider the following:

90° desks are the ideal choice for tasks that require more desk space. Wrapping around the user, all the functionality & stationery is within reach.

Straight desks are a great selection when there is limited office space. They are connectable, extendable and can be aligned to maximise the space within an office.

120° desks are perfect for non-linear shape rooms offering a serpentine flow or island desking pod configurations.

Luckily the **C200** Series of desking supports all of these shapes and more.

bespoke desiⁱan

At **CORPORATE LIVING** we offer a bespoke design service to help you maximise yo ur new furniture fitout, projects potential.

Crafting an optimal office environment is much more than combining desks ± chairs.

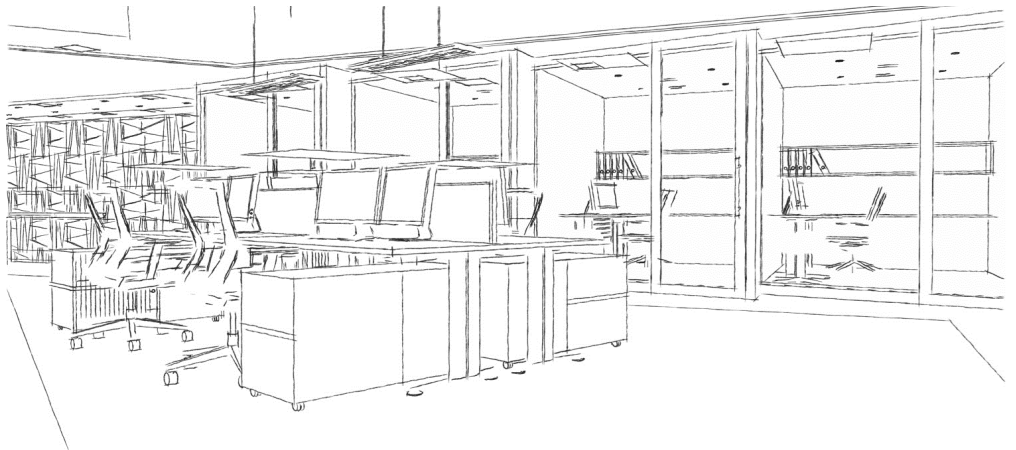

It's a complex formula of functional, economic and cultural elements. Orchestrated in the right manner this can achieve fantastic results boosting moral, interaction and staff retention.

BESPOKE CONCEPT

BESPOKE 3D MODEL

Crafting a successful corporate fitout project is a complex process of system furniture design, engineering and programming of a diverse range of elements and trades into a cognitive plan. This results in a functional, unified interior environment. Anyone taking on a project should understand there is more about furniture fitouts than just installations.

When dealing with **CORPORATE LIVING** you benefit from our approach which combines direct lines of communication with complete quality control and management of every phase. We're project people who partner with you.

What makes our **CORPORATE LIVING PROJECT SOLUTIONS** service un-matched in the market is that we offer a Bespoke Design Service, local manufacturing, quality onsite installation and aftercare from one central point of supply. For you as our client this means a single point of contact and accountability and most importantly without the Eastern States or overseas lead time.

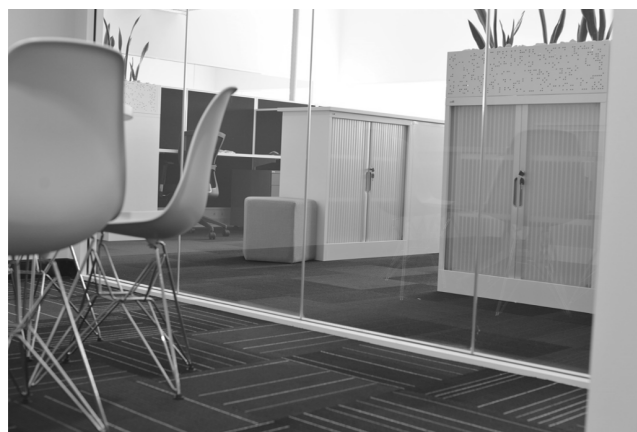

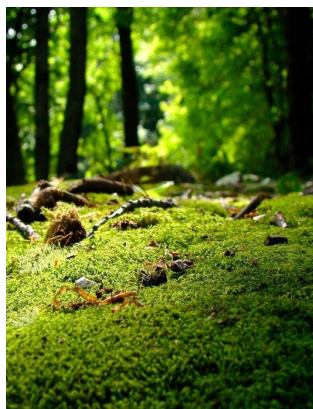

CORPORATE LIVING PROJECT SOLUTION SERVICE

- Detailed project scope analysis
- Bespoke Design Service
- Conceptual plan development
- 3D plan modelling
- Complete project walk-through
- Feasibility costing presentation
- Project detailing and approvals
- Local manufacturing
- Local and global procurement
- Onsite installation management
- Project aftercare program

Backed by Corporate Living Projects service satisfaction guarantee.

METROPOLIS HIGH BACK

*image with optional knee tilt

■ METROPOLIS

The **METROPOLIS** range has proved popular for its classic styling and quality. Offering a sturdy 5 star stabilizing base the **METROPOLIS** is ideal for those who want to make an impression on clients visiting their premises.

The entire range features a polished aluminium frame which is longer lasting and far better for the environment than basic chrome frames.

The **METROPOLIS** range has a clean and contemporary design that simply won't date. This is important considering the longevity of the high quality tension canvas.

If you're thinking this sounds like an expensive option, then surprise yourself today by visiting our website, corporateliving.net.au and requesting a quote.

■ LOBBY & RECEPTION

SHIRAZ CHAIR

SHIRAZ oozes contemporary style and sophistication; with its slab style back, armrests and the refinement of over-sized chrome leg detail. The **SHIRAZ** offers a generous seat size making it universally comfortable in any reception area.

GRENACHE CHAIR

The super comfortable **GRENACHE** is simple, elegant and stylish. Available in single, double or three seater. Carved from ultra supportive commercial foam and shaped with easy to maintain leatherette, the **GRENACHE** is perfect for breakout, waiting and reception areas.

RECEPTION SEATING

MOZART CHAIR

The **MOZART CHAIR** is a timeless classic with many admirers. Its quality finish and sophisticated contemporary design is a must have for any reception or lobby area. Polished aluminum frame is finished in beautiful high quality rectified leather in White or Black.

MOZART 2 SEATER

The **MOZART 2 SEATER** adds classical style and sophistication to any common area or reception. Its longer length seats two at a time. It is finished with a polished aluminum frame and beautiful high quality rectified leather.

MOZART - *designer masterpiece*

MOZART CHAIR

Composing a masterpiece reception

The **MOZART CHAIR**'s grand linear design adds classical style and sophistication to any common area. The chair comes with beautiful high quality leather with a polished aluminium finish. This masterpiece doesn't need to be bought at auction, just call **9354 0199** for more information.

A20

To make training sessions easier, **CORPORATE LIVING**'s specially designed training room seating range is practical and comfortable.

The **A20** foldable design means it can be stacked without having to be lifted.

Alternatively, the **EASE** chair offers superior strength & durability which training environments require. Available in a variety of colours and with or without arms.

Both the **A20** and **EASE** are cleverly designed to stack, using minimal space when not in use.

■ TRAINING ROOM SEATING

A20

EASE

■ LUNCHROOM SEATING

THONET BENTWOOD

THONET BENTWOOD is a shining example of what can be achieved through design. Its form both expresses and symbolises the manufacturing process that goes behind it with a finish that gives a café feel. **THONET BENTWOOD** chairs are made from European beech using traditional steam bending methods. Bentwood furniture supplied by **CORPORATE LIVING** is manufactured at one of the original European factories, set up in 1880, to the exacting standards of Michael Thonet's unique and original designs.

LUNCHROOM SEATING

VIENNA

The **VIENNA** has been **MOST LOVED** since its spectacular release 4 years ago. Durable and scratch resilient the **VIENNA** offers a more designer styled alternative to casual seating for lunchrooms, training rooms and meeting rooms. Available in a vast array of colours the **VIENNA** is simply stunning.

AZTEC

The **AZTEC** is continually a popular choice because of its hard wearing design. Ideal inside or out the **AZTEC** can handle loads of up to 140kgs. Modern Italian design and ergonomically correct with UV colour stabilisation for our harsh Australian climate, the **AZTEC** is brilliant. Also available with optional seat pad.

■ MEETING TABLES

VENICE UNO & DUO

The **VENICE** system has a timeless simplicity with one universal leg style that supports many table designs. The distinctive A-shape rail and socket system securely locks the table together and gives immense strength & flexibility.

This versatile table system helps people collaborate, communicate and exchange ideas. They can be static tables of any size or they can be self-contained modules that move and adapt easily to fit the space or task at hand.

MEETING TABLES

BOAT

The new **BOAT** boardroom table is intelligently designed to meet the requirements of the modern boardroom. The table is available with a choice of laminate or veneer tops and a range of different legs supports, all sensibly placed to give a large amount of leg room.

FLIP

What's not to love about the **FLIP** table? They are the ultimate in flexibility & shape with their high grade, lockable castors and solid, repeat-wear flip mechanism. Ideal for training rooms, lunchrooms or meeting rooms or anywhere there is a need to expand, use and store away as per daily requirements.

VENICE - *functional style*

■ VENICE UNO

What's unique about the **VENICE** table system is how many spaces it can be used in. Shown here as the attractive centre piece in a showroom, but equally at home in boardrooms for corporate meetings, and in training rooms where it can be interconnected to other **VENICE** tables for large presentations.

TAMBOUR 1980

The **TAMBOUR 1980** cabinets are **MOST LOVED** for their excellent storage capacity and ability to fit into restricted spaces with elegance and practicality.

The TAMBOUR 1980 cabinets feature sliding doors manufactured from rigid PVC interlocking translucent slats, opening from a central point key lock and then sliding into the sides of the cabinet.

COMPACTUS

COMPACTUS is a leading moveable shelving system which represents the ultimate functionality in high density storage. What this means to you is a stylish design to suit any modern office environment, providing a versatile and practical storage solution.

This system is available in a variety of height and width combinations to meet all storage needs and is lockable for added security.

All shelves are fully adjustable in 25mm increments to suit changing storage needs and are available in single or tandem bay widths.

■ P SERIES STORAGE

TAMBOUR
1020

CADDY

PEDESTAL

■ TAMBOUR 1020

All of CORPORATE LIVING's P SERIES storage units are lockable and include a solid metal construction. The highly popular TAMBOUR 1020 cabinets also feature sliding doors and two height adjustable shelves.

The TAMBOUR 1020 cabinet works extremely well in a confined workspace as the doors are fully retractable, sliding into the sides of the cabinet.

To request a quote on this stylish storage unit visit corporateliving.net.au and search "tambour".

■ OUTDOOR FURNITURE

Modern work can happen anywhere, anytime. This use of third spaces like outdoors, especially with WA's amazing weather, means furniture like the **CHENIN** can offer you so much more.

The **CHENIN** range provides light, easy to move spaces for staff to meet and eat as if they were in a greenbelt zone.

CHENIN

CHENIN
CHAIRS

CHENIN
BENCH

SÉMILLON TUB CHAIR

The **SÉMILLON** is constructed of Rotational Polyethylene (which is 100% recyclable) and compounded poly materials which allows for high colourfastness in outdoor environments.

Solid, durable, unique and comfortable. Just what you need in a bold & colourful outdoor piece of furniture, which has been designed beautifully as part of the award winning occasional seating collection. Available in white, black, orange, and light blue.

ONE SIZE
DOESN'T
FIT ALL

Have you ever considered what the best teamstation configuration is for **your** organisation?

Choosing a teamstation configuration to suit the organisation, team, task or individual can be a difficult decision in the office design process, and one not to be taken lightly. It can affect everything from knowledge transfer to morale.

By identifying how best to resource and accommodate your staff, your business is provided with numerous benefits like maximising space, capital expenditure savings, ergonomic improvements and overall improved collaboration and productivity.

To find out more about teamstation configuration options for your organisation call **9354 0199** or email info@corporateliving.net.au

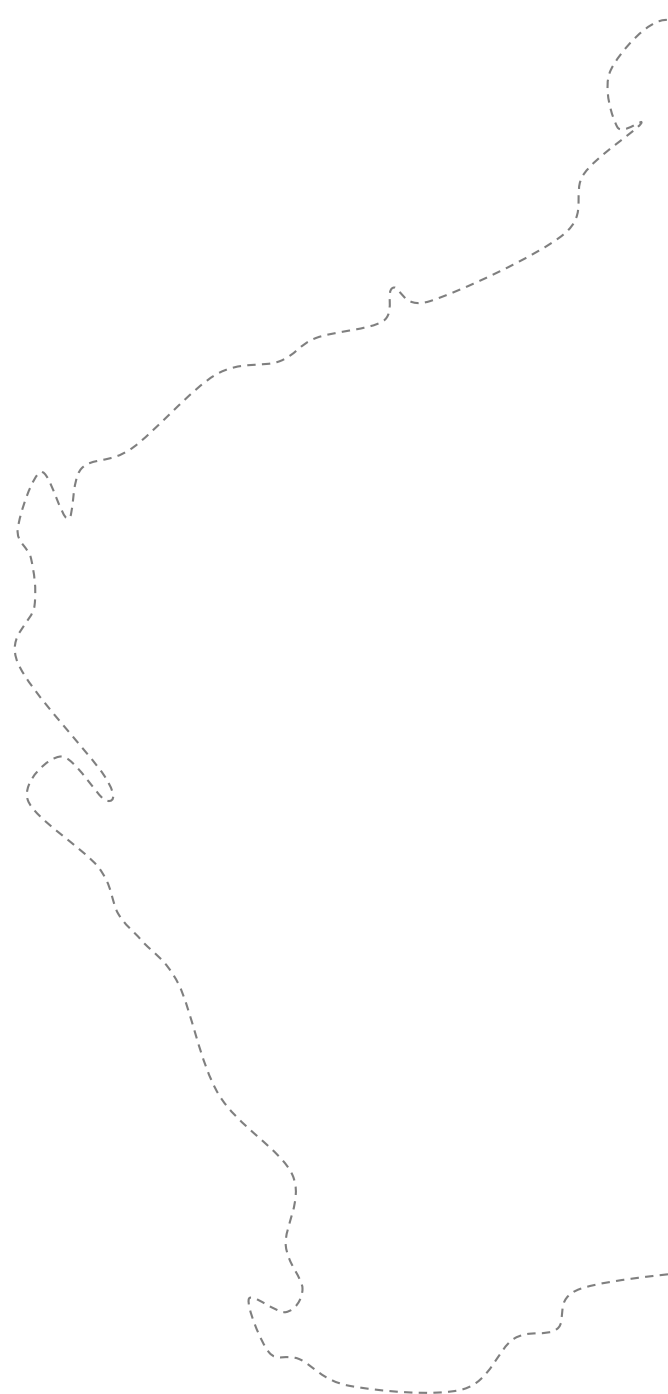

PREFERRED SUPPLIER TO WALGA

As of June 2013,
CORPORATE LIVING is now
the preferred supplier for
Office and Workplace
Furniture, Interior Design and
Fitouts to WALGA
[The WA Local Government Association].

This means that WALGA have negotiated to ensure its members receive attractive discounted rates, superior quality and helpful & friendly service for all Office Furniture, Design and Fitout needs at **CORPORATE LIVING**.

More importantly, this means that members can directly access contracts of any value due to a tender exemption that is specified within the Local Government procurement regulations saving you significant time and resources as we have already done the hard work.

Leveraging your WALGA purchasing power couldn't be easier, to find out how simply navigate to corporateliving.net.au/local-government.

RESPONSIBLE *sustainable* PRODUCTS

At **CORPORATE LIVING** we take our environmental responsibility seriously; that's why we prefer to source products and components from suppliers that are dedicated to doing business in an environmentally sustainable way.

Where possible, we always look to provide products with green credentials. These include GECA (Green Environmental Council of Australia) or AFRDI (Australian Furnishing Research and Development Institute) Green Tick. The purpose of these certifications is to ensure that products are not only safe, but that they will last, thus contributing to sustainability and minimising use of the earth's resources.

Acknowledged certifiers:

FAST FURNITURE SOLUTIONS

Are you sick of ordering office furniture only to be told it will be 8-12 weeks from the East? Not to mention when it gets to WA you have to find an installer?

CORPORATE LIVING is proudly based in Western Australia. By utilising a Perth-based manufacturer and distributor you can ensure higher standards of quality control and prompt after sales service.

Want to work with project people who partner with you? Speak with a **CORPORATE LIVING** Systems Furniture Consultant on **9354 0199**, or visit our website corporateliving.net.au TODAY!

When you order with **CORPORATE LIVING** we offer and guarantee:

- Short lead times
- Customisation to your needs
- On site installation
- On time delivery
- Project aftercare

Work time is living time

We cannot measure "inspiration"
but can always tell when it's lacking

At CORPORATE **LIVING** we know the value of inspiring workplaces, we believe that inspiration is a very powerful emotion and for the world's most successful companies it is a source of competitive advantage.

Inspiration at work can come from colour, form or connectivity to the environment. It can be subtle or dramatic, individual or collaborative, creative or analytical. Supplying furniture which creates inspiration in the work place and fosters individual and organisational success is our passion; spaces where work time is living time, spaces where people feel alive, present and engaged.
